

**WINTER CANOLA PLOT TOUR**  
**Thursday, May 24, 2012**  
**10:00 a.m.**

**Paul & Lorri Williams farm**  
**McRae Road**

**Contact: Paul Porter, 509-253-4604**

**DIRECTIONS:** Take Highway 2 west towards Davenport from Reardan. First road to your right is Riffe Rd. N. Riffe Rd. will have a left turn then go 2 miles and road will turn right. Follow Riffe Rd to McCrae Rd, turn left. Paul and Lorri Williams' place is on the right. Watch for signs. The canola plots were seeded last August and are in the field behind the Williams' home on the right.

**AGENDA:**

- Variety performance highlights – Paul Porter (Odessa Union)
- Canola market update - Byron Behne (AgVentures NW)
- WSU/USDA-ARS canola research and Extension update - Hulbert, Roe, Sowers, Young
- Winter canola varieties available for 2012 seeding
  - Beau Blachly (Croplan Genetics)
  - Curtis Hennings (Spectrum Crop Development)

**LUNCH** following the tour is sponsored by **Croplan Genetics**.

Please invite your friends, neighbors, and customers. I do need your help letting people know about the tour.

**Please RSVP to 509-796-4141 or 509-253-4604 by May 21, 2012**
