

Year: 2010

Variety: _____

New:

Discontinued:

BG 7430

PLANT DESCRIPTION:		RATINGS: (SCALE: 1 - 5 where 1 = Best)	
Maturity:	4.3	Brown Stem Rot	MR 8.5
Plant Height:	41 inches	White Mold Tolerance	8.5
Plant Type:	Medium	Soybean Cyst Nematode	MR 7
Seed Size (approx.):		Sudden Death Syndrome	
Hilum:	Black	Lodging	8
Pubescence:	Light Tawny	Emergence	8
Flower:	Purple	Shattering	
Pod:	Brown	Iron Deficiency Chlorosis	
Phytophthora Gene:		Phytophthora Field Tolerance	8

Note:

- *Extremely strong numbers in the mid-south
- *Tall plant type allows it to adapt to many soil types
- *Exciting new genetics
- *Group 3 yields with Group 4 defense
- *Frogeye tolerance of 9.0

Roundup Ready® technology is covered under one or more of the following patents: U.S. Patent No(s): 5,352,605; 5,530,196; 5,717,084; 5,728,925; 5,804,425 and RE 39,247.

Always Read and Follow Pesticide Label Directions. Roundup Ready® crops contain genes that confer tolerance to glyphosate, the active ingredient in Roundup® agricultural herbicides. Roundup® agricultural herbicides will kill crops that are not tolerant to glyphosate. Roundup® and Roundup Ready® are registered trademarks of Monsanto Technology LLC. ©2009 MONSANTO COMPANY

The purchase/bailment/transfer of these seeds conveys no license under said patents to use these seeds or perform any of the methods covered by these patents. A license must first be obtained before these seeds can be used in anyway. See your seed dealer to sign a Monsanto Technology/Stewardship Agreement ("MTSA"). Progeny of these seeds cannot be cleaned or used as planting seed or transferred to others for planting. This seed may only be offered for sale and distribution by authorized seed companies or their dealers.

For sale and planting in the U.S. only.

Monsanto Company is a member of BIO's Excellence Through StewardshipSM (ETS) Initiative. This product has been commercialized in compliance with the ETS and Monsanto Product Launch Stewardship policies, after meeting applicable regulatory requirements in key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Monsanto encourages growers to talk to their product or grain handler or purchaser to confirm their buying position for this product. Excellence Through StewardshipSM is a service mark of Biotechnology Industry Organization.
