

Year: 2010

Variety: _____

New:

Discontinued:

BG 7470

PLANT DESCRIPTION:		RATINGS: (SCALE: 1 - 9 where 9 = Best)	
Maturity:	4.7	Brown Stem Rot	--
Plant Height:	MEDIUM	White Mold Tolerance	--
Plant Type:	--	Soybean Cyst Nematode	--
Seed Size (approx.):	Medium to Large	Sudden Death Syndrome	8
Hilum:	Black	Lodging	8
Pubescence:	Light Tawny	Emergence	9
Flower:	Purple	Shattering	--
Pod:	Tan	Iron Deficiency Chlorosis	--
Phytophthora Gene:	Rps1c	Phytophthora Field Tolerance	8

Note:

- *STS and RR2Y
- *All soils in Delta
- *Stem canker MR
- *Frogeye 8

- Proven High Performance. In four years of Monsanto field trials in 6 states, comparing near-isogenic lines, Genuity™ Roundup Ready 2 Yield® soybeans delivered 7 to 11 percent higher yields than Roundup Ready soybeans.
- Observations show higher yield is the direct result of more 3-bean pods per plant and more seeds per plant with Genuity™ Roundup Ready 2 Yield® vs. first-generation technology.
- All Genuity™ Roundup Ready 2 Yield® soybean varieties will be offered with Acceleron™ seed treatment in 2009. For 2009, Acceleron™ will consist of the fungicides pyraclostrobin + metalaxyl and a colorant.

CLEANER FIELDS, HIGHER YIELDS*

Genuity™ Roundup Ready 2 Yield™ Soybeans are covered under one or more of the following patents: U.S. Patent No(s): 5,717,084; 5,728,925; 5,804,425; 6,660,911; 6,949,696; 7,141,722 and RE 39,247.

Always Read and Follow Pesticide Label Directions. Roundup Ready® crops contain genes that confer tolerance to glyphosate, the active ingredient in Roundup® agricultural herbicides. Roundup agricultural herbicides will kill crops that are not glyphosate tolerant. Acceleron™, Acceleron and Design™, Roundup®, Roundup Ready®, Roundup Ready 2 Yield™, Genuity™, Genuity Design™ and Genuity Icons™ are trademarks of Monsanto Technology LLC. ©2009 MONSANTO COMPANY

The purchase/bailment/transfer of these seeds conveys no license under said patents to use these seeds or perform any of the methods covered by these patents. A license must first be obtained before these seeds can be used in any way. See your seed dealer to sign a Monsanto Technology/Stewardship Agreement ("MTSA"). Progeny of these seeds cannot be cleaned or used as planting seed or transferred to others for planting. This seed may only be offered for sale and distribution by authorized seed companies or their dealers.
