Dear Valued Customers:

We are pleased to announce Grain Craft is partnering with Northwest Grain Growers, Inc. to support efforts to optimize the handling, storage, marketing and customer service of grain handling in the Pendleton area. Northwest Grain Growers will be assuming Grain Craft's lease of Mission elevator from the Confederated Tribes of Umatilla Indian Reservation.

Northwest Grain Growers is a leading agricultural cooperative in the grain handling business headquartered in Walla Walla, WA. NWGG provides safe, efficient and competitive grain handling and marketing services to our member owners throughout Umatilla, Walla Walla and Columbia Counties.

Grain Craft will continue to purchase and handle wheat directly from the producer to its flour mill located in Pendleton, OR. The NWGG partnership will help provide origination for Graincraft in the area.

2016 new crop deliveries to Mission elevator will be made to Northwest Grain Growers. If you do not already have an account with NWGG, please give them a call ASAP. We are committed to making this transition as smooth as possible as harvest is fast approaching
