

MSGA to honor a century of ranching in “The Weak Ones Turned Back, The Cowards Never Started: A Century of Ranching in Montana”

To celebrate our 125th Anniversary, MSGA has compiled a book featuring 142 Montana ranches that are over 100 years old. The ranches included in the book are all working livestock operations that have been in the same family and in the location as when they were established over a century ago. Several of the ranches in the book were honored at MSGA’s 125th Anniversary Celebration in Miles City, June 10-14, 2009. The stories and photographs of these ranches comprise 472 pages which will be published in this commemorative hard-bound book, edited by Linda Grosskopf and Nancy Morrison.
